This is my honest review about my trip to Bali with Trips n Tales

Accommodation: At all the places ubud, gili and seminyak the stays were really good.

Activities: The highlight of my trip was the ATV ride in ubud, mt Batur jeep ride and snorkeling in Gili. It was also my first time doing surfing which was really cool with some really helpful and patient instructors. Nusa penida day trip in my opinion can be skipped. If staying overnight there then makes sense.

All the local guides were so friendly and helpful.

Overall it was an amazing mix of adventures, local exploration, nightlife, enough time for shopping and temple visits and some beautiful scenery.

Thank you to the team for a lovely experience. I definitely recommend them.

My trip to Bali has been the most memorable one. The itinerary was perfect where we got to experience a lot of variety. From hiking a volcano mountain to cycling in the rice fields from rafting through the beautiful jungle river to snorkeling at different islands. Nusa Penida Island was stunning. I'm glad that was covered in the itinerary.

And cherry on the cake was the night life of bali. It was overall a mix of adventure, night life, lot of beautiful different landscapes and amazing group of people!
